SOSMN Strategic Vision

SOSMN is dedicated to organizing, energizing and engaging the community of orchestra lovers to help the Minnesota Orchestra recover from the devastation caused by the recent 16-month lockout. We seek to ensure that the orchestra returns to its proper position as one of the very best orchestras in the United States that serves our community with superb performances and educational programs and is recognized for artistic excellence throughout the country and in the international musical world. Our near-term focus will be on the following key priorities:

- Restoring the orchestra's premiere artistic leadership
- Attracting the nation's most talented musicians to complete the orchestra's complement
- Installing new, capable and trustworthy organizational leadership at MOA
- Driving needed changes in governance, transparency and institutional culture
- Helping MOA engage our youth and other historically underrepresented audiences
- Encouraging MOA to pursue innovative marketing efforts with a particular focus on social media
- Empowering orchestra devotees to be effective advocates for the organization's future

- Helping to restore the MOA's fiscal health by supporting their marketing and fundraising activities
- Raising awareness of issues or concerns regarding the Minnesota Orchestra on a real-time basis through social media, publications, media releases and other appropriate avenues
- Collecting, studying and summarizing publicly available financial, management, legal and governmental information about MOA to promote transparency and keep stakeholders informed
- Providing an online platform for information sharing and through which patrons' voices will be heard
- Providing tools and information to audience members to empower them to be effective advocates
- Collaborating with the Young Musicians of Minnesota and other community groups, businesses and individuals

Minnesota Orchestral Association Federal Tax Return Reveals CEO Total 2011 Compensation of Over \$600,000 Including Over \$200,000 of Bonuses

Audience advocacy group questions amount, timing of bonuses.

Chronology

2008-present Minnesota Orchestral Association (MOA) raises more than \$50 million for the Orchestra Hall renovation, clearly implying that there will be no change to the quality of the orchestra in the near future.

Feb 2 Chair of MOA Finance Committee tells MOA Board: "If the deficit is between \$1 million and \$5 million in fiscal 2010, it will be of the same size range for the next two years of the musicians' contract. This is a serious liquidity issue, and the MOA already has \$11 million in debt. Our job is to leave behind a sustainable business." Another Board member: "...reminded everyone that what is said today cannot go out of this room."

MANAGEMENT

President under Fire

This took long enough ... Kristin Tillotson of the Strib says: "Michael Henson, president and CEO of the Minnesota Orchestra, will step down in August, it was announced late Thursday. **Some viewed Henson's departure as setting the stage for the return of former music director Osmo Vänskä,** who resigned last October but has indicated he might wish to come back. ... Mariellen Jacobson, treasurer of the volunteer support group Save Our Symphony Minnesota, said she is 'happy to hear the board and Henson have concluded it was time for him to leave, but I wish it was sooner.' Minnesota Orchestra returns to Orchestra Hall

Article by: GRAYDON ROYCE, Star Tribune | Updated: February 7, 2014 - 9:30 PM

After long contract dispute, musicians return to work, ovations and hugs.

Despite, or perhaps because of all that has happened, the sold-out house Friday warmly welcomed the musicians back to the hall they have called home since 1974, even waving bright green hankies in the air.

On Friday night, the audience made its wishes known by shouting, rhythmically clapping and stamping on the new white-oak floors, waving Finnish flags and unfurling "Finnish !!" banners.

MINNEAPOLIS — Dozens of audience members at Orchestra Hall this week waved small Finnish flags or wore clothing on the flag's colors: blue and white scarves, shirts or dresses.

NEW COLLABORATIVE INITIATIVES

New Collaborative Initiatives

- Marketing and Fundraising
 - Board Co-Vice Chair Karen Himle has assembled a task force of board, staff, musician, FOMO, OX, SOSMN and community leaders
 - Three group meetings this summer plus smaller-group and individual initiatives around:
 - Season ticket sales (next season to be announced SOON!)
 - Individual ticket sales
 - Individual support – Maestro Circle, community gifts, challenge grant – broaden the base of support!
 - Corporate support – sponsorship and philanthropy

New Collaborative Initiatives

- Marketing and Fundraising, continued
 - 20s-30s initiative started (Ken Huber leading)
 - A red and yellow wrapper for a 100 Grand candy bar, with the text "100 GRAND" prominently displayed in the center.
- SOSMN needs your help!
 - Writing “blurbs” for each concert (well in advance) that we can make available on our website and post on our Facebook page
 - Someone to start building a database of community orchestras, bands, chamber groups, youth orchestras, university/college groups, other arts organizations – conductors, websites, contacts, characteristics, etc.

New Collaborative Initiatives

- SOSMN needs your help, continued
 - Someone to start developing a database of “non-traditional” potential audience demographics – who, where, typical communication methods, trusted sources, buying patterns, special interests, etc.
 - Contacts at corporations or professional associations that might be interested in concert/event sponsorships
 - Contacts in the booming downtown condo/apartment districts
 - Writers/videographers for light-hearted promo videos

OTHER SOSMN INITIATIVES IN THE MONTHS AHEAD

Beyond Ticket Sales and Fundraising....

- While recognizing that ticket sales and fundraising are a significant immediate priority, SOSMN plans to maintain a focus on these and other areas as well in the months ahead:
 - MOA administrative staffing – understanding how open positions are advertised, ensuring that good candidates are aware of them and apply
 - Marketing & audience development – identifying unserved target markets, their interests & needs & buying patterns, how to reach them
 - Governance – ensuring public participation, published Board minutes, open annual meeting, strong ties between Board/management and the audience
 - Financial transparency – quarterly reporting, “plain English” explanations, opportunities for Q&A

Beyond Ticket Sales and Fundraising....

- Other areas (cont'd):
 - Organizational culture & healing/reconciliation
 - Guiding Principles – guideposts for future Board actions
 - Special events – Symphony Ball, community concerts, parades, fantasy camp, taking the music to the people
 - Outreach – to and through other arts organizations and community groups
 - Education – for children and adults, concert previews, articles in the popular press
 - Liaising with elected officials

Discussion Topics

1. How do we help MOA sell season (subscription) tickets?
 - What are the hurdles?
 - What can we or MOA do to help people vault over the hurdles?
2. How do we make sure that a crisis/lockout like this never happens again?
 - What is missing at this point?
 - How can we raise community awareness?

- What other tools would you like?

Action items for tonight

- Make a list of 10 personal friends who you could invite to purchase season tickets, 5 people to make a donation, and a few people you could invite to concerts to introduce them to the orchestra.
 - We will provide you some “talking points” over the next few weeks.
- Do you belong to a music ensemble/club, book club, or other such group? Talk to them about concerts or donating or sponsoring an event and tell us how it went.
 - We will work with MOA to see if “group ticket discounts” can be made available (and at what level) and to clarify sponsorship acknowledgements and logistics.
